## Overview of EMW partners

**This chapter gives a systematic overview of EMW's partners over the last six years. We had to limit ourselves to this short period of time, otherwise the list would have become too extensive.**

# EMW Partners Directory

This directory includes only EMW partners from 2010 to 2016 who have received financial support from the “Statement of Needs” (*Liste des Bedarfs*). What such a listing cannot reflect is the intensity of the cooperation with EMW, the financial dimension of the funded programmes or when the cooperation initially started. The regional mapping refers to the legal seat of the respective partner (except for the global partners). This means that some of the partners in Europe have received EMW funding for programmes executed in the Global South, possibly in countries not listed here.
